Selection Criteria

To enrol a student must:

- hold a Bachelor's degree from a variety of 'relevant' fields such as health, education, social, biological or physical sciences, or humanities, provided that prerequisite courses are completed. If the degree is not deemed 'relevant', an applicant may undertake a further full-time semester (or the part-time equivalent) of relevant tertiary study to meet this criterion. An applicant whose most recently awarded bachelor's degree was awarded more than 10 years ago will not be considered unless the applicant has subsequently completed a postgraduate program or provides evidence of other tertiary academic activity; and
- have obtained a **Grade Point Average (GPA)** of at least 4 in their most recently completed university undergraduate degree; and
- have completed (within the last 10 years)
 - a) 2 units (1 course) of statistics, and
 - b) 2 units (1 course) of study from one (or more) of linguistics, psychology, or human physiology in their prior degree or subsequent studies to the satisfaction of the Head of School.

Note: Once prerequisites are met, entry is via a competitive selection process based on Grade Point Average (GPA).
